Farmers' Institute.

The Farmers' Institute for Rockcastle county will be held in the court house in Mt. Vernon on Tuesday and Wednesday, September 10 and 11th. For this work the Legislature of the State has appropriated \$15,000.00, which amount is expended for lecturers, who are conducting these Institutes in every county in the State. The men selected for this work, were chosen because of their extensive knowledge and experience in the line of farm work, which they discuss. The three lecturers, who will be here to conduct the Institute are, Hon. R. C. Crenshaw, Assistant Commissioner of Agriculture, E. C. Martindale, of Wilkinson, Ind. and W. T. Kane, of Fallsburg, Ky. practical farmers and men who have devoted their lives to farm work. Following are the subjects to be discussed by each: By Mr. Crenshaw: 1. Restoration of Worn Lands to a State of Productiveness. 2. Necessity of Conserving Soil Moisture. 3. Leguminous Plants. 4. Alfalfa—its value and How to Grow. 5. Sheep—The Friend to the Man on a Poor Farm. 6. Tobacco Breeding for Quality and Type. 7. Wheat—Preparation of Soil and Seeding. 8. Seed Corn Selection and Testing. 9. Family Partnership or Family Corporation. 10. The Girl on the Farm. By Mr. Kane, 1. Alfalfa. 2. Breeding and Development of Swine and Their Diseases. 3. Sheep. 4. Goats. 5. Pastures on Hill Lands. 6. Pure Seed. 7. Maintaining Soil Fertility on Hill Lands. 8. Beautifying the home. By Mr. Martindale,

1. The Care and Management of Beef Cattle. 2. Buying and Rearing Cattle to Feed. 3. The Farmer's Horse, his Care and Training. 4. How to Get a Good Stand of Clover. 5. How to Handle the Clover Crop. 6. How Clover Improves the Soil. 7. Good Pastures. 8. Tile Drainage; Why and How. 9. Improving the Soil. 10. The Land Owner and Tenant. 11. An Agricultural Education. 12. The Farm Fence. 13. The Home and Its Influence. 14. The Boy. 15. Selection, Care and Testing Seed Corn. 16. Preparations of Soil, Planting and Tillage of Corn. We earnestly urge upon the farmers the importance of attending this meeting. What our farmers are, is what our country will be and the farming interests of this county certainly deserve more attention than they have heretofore been receiving. Farmers you are helping pay the expense of holding this institute and when this plan of instructing the farmers in better farming, better stock raising and better everything connected with the farm and when the Kentucky Legislature appropriated the \$5,000.00 yearly for the carrying on of this work it was one of the best day's work ever done for the State. When the time comes that our farmers study the conditions and needs of the different soil what product is better adopted to the different soil and then study the best way of cultivating, then we may expect our county to improve, our farmers to become more prosperous, and our farms more valuable. That is the object of these Institutes, to meet and exchange ideas, get the plans and manner of farming which those who have been most successful have pursued. Every farmer in the county owes it to himself, to his family

and to his county to be present at this meeting. Its for your benefit and you are the one to prosper from its results. Reports from every other county in the State where the Institutes have been held show great interest manifested on the part of the farmers, and we certainly trust that our farmers will do their part towards making the one in Mt. Vernon next week equal to that of any other county. We cannot urge too strongly the importance of being present at this meeting; it means too much for the farmers, for them not to get the full benefit of it. The time has come when more attention must be paid to the farms and to stock raising in this county. With farming as with every other business the farmer must improve as other business interests advance. There is as much difference between the old time farmer and the present up-to-date farmer as there is between the common school teacher of fifty years ago and the teacher of today. In conclusion let us again urge upon every farmer who wants to improve his farm, raise better corn, more wheat and better stock to be present next Tuesday and Wednesday at the Rockcastle Co. Farmers Institute. If you think it impossible to be present both days then come on Tuesday, the first day, and we will guarantee that you will come early the second day that you may get a good seat. President G. S. Guilfin and Secretary M. G. Fish makes an earnest plea for a large attendance.

Mr. John L. Henzman aged 75, died at his home three miles west of here, Friday night after an illness of many months.

Mr. Henzman was born in Switzerland and came to this country about the time of the outbreak of the Civil War, enlisting in the 49th New York. At the close of the war he returned to France and was married to Mrs. Henzman, who survives him. Returning to this country, he has since made his home and for about twenty-five years had lived at the place where he died. Mr. Henzman was a good citizen and had many friends. Besides his wife he leaves four sons, Rudolph, John, Emel and Henry, the last two being with him when the end came. The burial took place Saturday.

The Thirty-Seventh Annual Sunday school convention will meet at Pleasant Run church, three miles East of Livingston on Tuesday September 10th. The Rockcastle Association of Baptist will meet at the same place Sept. 11 and 12th.

OH, CONSISTENCY WHERE ART THOU.

We read an exchange of a certain editor who had a long and carefully prepared article on the importance of patronizing home merchants rather than sending off for their goods. The article was so good that it attracted the attention of the merchants, and they highly recommended the loyalty of the editor. One merchant was so favorably impressed with the article that he sat down and wrote a congratulatory letter to the pencilpusher, the letter head the merchant used had been printed in Louisville, and the return on the envelope was made with a rubber stamp furnished by a Chicago angle grease firm.

**Nerve
Sick**
If weak, worn-out,
nervous, cannot sleep;
have indigestion, head-
ache, neuralgia or peri-
odic pains, it is because
your nerves are weak. It
is the lack of nerve force
that makes the stomach,
heart, lungs, etc., work
imperfectly—become sick.
Dr. Miles' Nerve cures
the sick when it restores
nerve strength, and puts
the power behind the or-
gans to do their work.
"Almost three years I suffered from
nervousness, indigestion, and palpita-
tion of the heart. I could not eat or
sleep with comfort, or walk or talk
without suffering. Altogether I was
in a bad condition. My doctor did not
seem to do me any good. I had tried
so many remedies that I did not have
much hope of any of them doing me
any good. Dr. Miles' Nerve cures
suggested by a friend. I got relief
from the first, and after a few days
I felt like a new person. It not only
relieved my heart and nerves, but
has invigorated my whole system. I
am very grateful because since I have
stopped using it, I have had absolutely
no return of my old trouble."

AN AERIAL NAVIGATOR.
YOUNG INVENTOR WILL FLY
THROUGH THE AIR.
IS NOW HEADED FOR KENTUCKY

State Fair Management Announces
His Appearance in Passenger-
Carrying Ship.
The problem of aerial navigation has
at last been solved. The inventor to
attain this desired end is Captain Roy
Knabenshue, of Toledo, O., the first
American to make a successful flight
in an airship. This first flight was
made during the World's Fair at St.
Louis in October, 1904, when Knaben-
shue was only in his twenties. He is
yet a very young man, but he has tal-
ents that he has successfully applied.
During the past winter, he has spent
his entire time in perfecting a piece
of craft to ply the clouds which will
carry passengers.
Fortunately for those who will at-
tend the Kentucky State Fair to be
held at Louisville, September 16th to
21st, the services of Captain Knaben-
shue and his passenger-carrying air-
ship have been secured for daily flights
during this great exhibition week at
the metropolis of Kentucky. The
State Board of Agriculture, under
whose auspices the fair is to be given,
closed a contract with Captain Knaben-
shue several weeks ago, stipulating
therein that his visit to the Kentucky
State Fair was to be his only personal
appearance in his passenger-carrying
airship either in Kentucky or in South-
ern Indiana.
The big airship will be displayed in
an aerodrome when not in operation,
permitting visitors at the fair to make
a close inspection of it, who will also
have an opportunity of taking a ride
through the air with Captain Knaben-
shue if they desire.
Captain Knabenshue is guarding
very firmly the secret of the mecha-
nism that enables him to carry passen-
gers into the air, but he has permitted
us to give a brief description of his
marvelous invention. The elongated
gas bag has a capacity of 20,000 cubic
feet of hydrogen gas, giving a lifting
power of 1,800 pounds. The envelope
is 120 feet in length and about 35 feet
in diameter. Two mammoth aero-
planes, which serve to resist the
wind pressure and propel the ves-
sel, are built on either side.
Two delicately constructed engines of
twenty horse power each furnish the
drawing power, enabling the craft to
sail through the uncharted skies at
a speed of sixty miles per hour. This
speed is attained only in a calm, while
in a moderate wind the velocity is re-
duced to about forty-five miles an hour.
With his new airship, Captain Knaben-
shue is able to sail under any weather
conditions.
Resembling very closely the modern
cock of a street railway, the carry-
ing capacity is ninety feet long with cus-
hioned seats provided for the passengers. The
operator sits at the bow of the vessel
and guides it in its journey. Captain
Knabenshue has built the propeller and
rudder along entirely different lines
than heretofore, and the vessel, taken
as a whole, but faintly resembles the
smaller crafts which heretofore have
been shown in this country.
The engagement of Captain Knaben-
shue and his passenger-carrying air-
ship at the State Fair is for a flight
daily for six days, and one or more
flights at night, when the world's
greatest aerial navigator will use an
immense searchlight to guide his pas-
sage.

**Stomach Muscles
in Old Age**
People should be more and more care-
ful, as age advances, to see that their
bowels move regularly. In this way they
can keep themselves in good health and
prolong life. The bowels are not as ac-
tive in middle-life and old age as they
are in youth, and with the majority there
is a tendency to constipation of a chronic
and obstinate nature.
To ward off the possibility of serious
diseases use Dr. Caldwell's Syrup Pepsin.
It is especially suited to the use of elderly
people because it is prompt but gentle in ac-
tion, and does its work without griping or weakening,
as is the case with salts, purgative waters
and cathartic tablets. These should not be used
by children, women and the weak because
they are too violent in action and generally
grip. Furthermore, the results are temporary
as reaction sets in and the bowels are bound up
more than ever.
A remedy like Dr. Caldwell's Syrup Pepsin is
very gentle in action and yet thoroughly
effective, and as it contains no toxic properties,
it strengthens the system instead of weakening it.
The results are permanent because gradual,
and many can in a short time do away with the
use of all laxatives. It will cure the most chronic
constipation, dyspepsia, liver trouble, bilious-
ness, flatulency, sour stomach, weak stomach,
bloating, drowsiness after eating and such other
stomach, liver and bowel troubles.
To prove how effective it is in serious cases
the experience of Mr. Armstrong, of Decatur,
Ill., can be cited. He suffered from a gunshot
wound during the Civil War which caused a
partial paralysis of the bowels and he has had ever
since to use a laxative. He says he never found
anything so effective, or which worked so near
to nature, as Dr. Caldwell's Syrup Pepsin. Try
it and you will say the same. The price is 50
cents or \$1 a bottle at any druggist.

FREE TEST Those wishing to try Dr. Cald-
well's Syrup Pepsin before buy-
ing, can have a free trial bottle sent to their home
by addressing the company. This offer is to prove that the
remedy really works, and it is only open to those

symptoms of stomach, liver or bowel disease. Get relief
